

REPLY OF ALLIES REACHES WILSON

Contents of Note Not Made Public But May Be Within A Day or Two.

REPLY MADE IN A HURRY

British to Publish Exchanges With Italy and Jugo-Slavs

Wilson's Threat Re-iterated In Last Note Sent to Premiers.

(By Associated Press)

Washington, Feb. 27.—The reply of the British and French premiers on the Adriatic question was received today at the State Department. It was sent to the White House immediately after being decoded.

(By Associated Press)

Washington, Feb. 27.—State department officials would give no intimation as to the nature of the reply, which was drafted within 24 hours after the premiers had received President Wilson's note.

In that note the president adhered to his former position that unless settlement of December 9th was restored in principle he would have to consider withdrawing the peace treaty and French-American alliance from the Senate.

It was announced the text would not be made public by the American government without consent of the premiers, which is being sought.

The state department has learned that the British government is to publish communications they had after December 9th with the Italian and Jugo-Slav governments which have not been received or communicated to the American government.

SAYS IDLENESS IN AMERICA IS ON THE DECLINE

Non-Production Has Passed The Zenith Declares B. M. Baruch.

Desire to Idle Begins to Disappear.

(By Associated Press.)

Washington, February 27.—The zenith of non-production has been reached "unless there is a cataclysm some act of providence or undesirable government action" in the opinion of B. M. Baruch, former Chairman of the War Industries Board.

Testifying today before a house war investigating committee, he said, there had been some let-down in the desire to work but that this was "being done away with."

PRICES DROP

"When the hordes and profiteers," he said, "see that this great production is in sight, they will get under. When we get normal transportation on land and sea prices of necessities of life unquestionably come down."

Baruch was before the committee to testify as to the nitrate situation but his examination covered a wide range. He told of the work of the War Industries Board in organizing industry during the war and frankly admitted that at that time he "probably had more power than any other man."

WILL EXECUTE 1000 DOGS
LANCASTER.—One thousand untagged dogs in Fairfield county are to be executed, Samuel Lindsay, official dog catcher, has announced.

FRENCH FORCES ESCAPE AFTER HARD FIGHTING

Were Engaged With Large Turkish Forces in Aleppo District.

Massacres of Armenians Are Confirmed

(By Associated Press)

London, Feb. 27.—Official dispatches on the situation at Marash, in the District of Aleppo, Syria, where French troops have been having a severe struggle with Turkish forces, announce that the French succeeded in extricating their forces after hard fighting.

The dispatches confirm reports of massacres of Armenians in the Marash district, but does not substantiate the statement from Armenian quarters that the number killed was several thousand.

ASK IF GEDDES IS ACCEPTABLE

(By Associated Press)

Washington, Feb. 27.—Formal inquiry was made by the British embassy at the State Department today as to the acceptability of Sir Auckland Geddes, now minister of national service and reconstruction to be British ambassador to the United States.

IRISH BILL IS MADE PUBLIC

(By Associated Press.)

London, February 27.—The government tonight made public the text of its Irish home rule bill introduced in the house of commons this week. The measure follows closely the outline given by Premier Lloyd George last December.

By its provisions two parliaments would be set up, one for the north and the other for the south of Ireland.

TO SHIP BEES IN AIRPLANE

(By Associated Press.)

Birmingham, Ala., Feb. 27.—Transportation shipping bees over long distances for breeding purposes have been solved by an Alabama concern which announced its plan to send \$1600 worth of bees to Canada by airplane.

GAME ROOMS REPLACING BARS

(By Associated Press.)

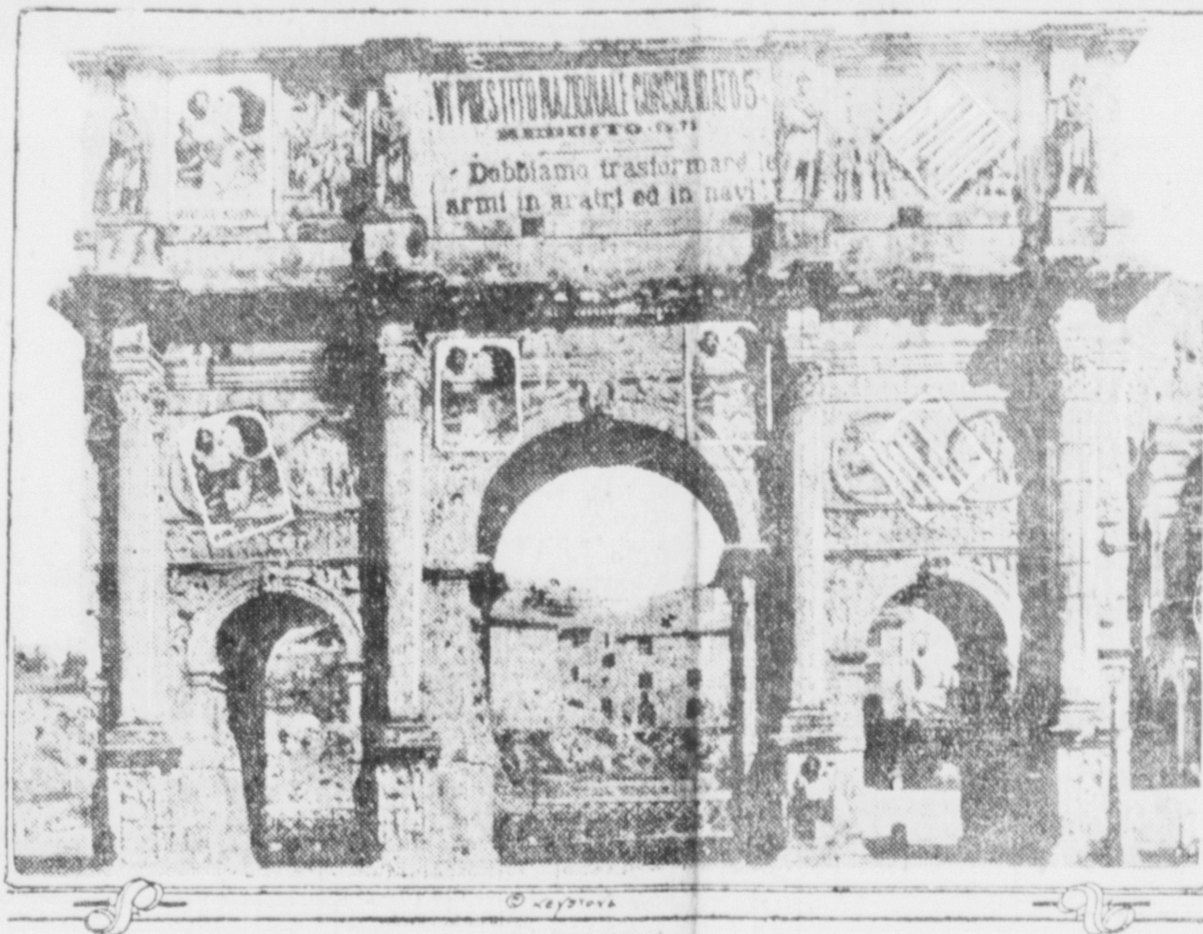

New York, Feb. 27.—The public game room has replaced the bar room in New York hotels. Guests now may spend their spare time playing dominoes, checkers and various card games. Managers say the idea meets with great favor among their patrons.

WILSON PICKS BOARD OF THREE

(By Associated Press)

Washington, February 27.—Postmaster General Burleson, Rear Admiral Benson, retired and Walter Rogers of Illinois, were nominated today by President Wilson to be the American members of the International conference on communications which will be held soon in Washington.

ITALY USES FAMOUS ARCHES AS BILLBOARD TO AID LOAN

Roman arch bearing loan poster.

For the first time in history Italy is allowing its beautiful arches, statues and other architectural treasures to be placarded with

posters. The posters are those printed to boost the sixth national loan. Italy is in desperate straits financially as a result of the war

and is handicapped now by lack of production in industries due to strikes. The army cannot be reduced because of conditions.

DOMESTIC CLAUSE OF TREATY IS UNDER FIRE

Senate Now Considering Reservations By Lodge And Hitchcock.

VOTE THURSDAY DECISIVE

Hitchcock Reservation Held To Be Amendment

(By Associated Press)

Washington, Feb. 27.—The domestic reservation to the peace treaty was up for consideration in the senate following adoption yesterday by 68 to 4 of the reservation regarding mandatories.

Senator Lodge's draft of the domestic questions reservation would reserve to the United States the right to decide what issues such as immigration are purely internal and therefore not subject to jurisdiction of the League of Nations. Opposing this the democrats will attempt to have adopted the Hitchcock substitute voted down last November providing "no member nation" shall be required to submit to the league any question it considers domestic.

The republicans have argued that the Hitchcock reservation draft is an amendment to the treaty instead of a reservation inasmuch as it affects all nations and therefore would have to be submitted for approval to the other signatories.

BRITISH HAVE HEAVY DEFICIT

London, January 20.—(By Associated Press)—(By Mail)—A deficit of 429,729,000 pounds in British government finances is shown for the first 9 months of the current fiscal year ending March 31 next. The exchequer returns show a total revenue of 696,252,000. The expenditure, however, was 1,125,981,000 pounds. The deficit was covered by permanent borrowing. The Chancellor's estimated revenue for the year is 1,201,100,000 pounds. The estimated expenditure for the year is 1,610,494,000.

ANYHOW, "MONDA" HAS HEARD ALL SOCIETY'S GOSSIP

"Monda Rose," dressed once more in her working clothes.

"Monda Rose's" enjoyment of high society in Chicago was cut rather short when police learned she was really a cashier in a leather shop and arrested her on a charge of embezzlement following the discovery of a shortage in the store's funds. But "Monda" says that she hobbled with the "400" long enough for them to confide in her all the latest gossip and scandal. She was arrested in Winnipeg, Canada. Her real name is Rose Schweiburg. She is now being tried on the embezzlement charge and implicates a member of the firm.

MORE RADICALS UNDER ARREST IN CLEVELAND

(By Associated Press.)

Cleveland, O., Feb. 27.—Early today federal agents and police raids mark a renewal of the government's fight to stamp out radicalism and send agitators back to their native lands.

Then alleged radicals were arrested. Several wagonloads of radical literature were found in the homes of some of the men.

GEN. PERSHING'S NAME IS FILED

(By Associated Press)

Lansing, Mich., February 27.—General Pershing was qualified today to appear on the republican ballot in Michigan's presidential preference primary April 6th, with the receipt by the Secretary of State of nominating petitions carrying the required 100 signatures of his supporters.

DECLARATION OF CANDIDACY NOT YET FILED

Cox and Harding Are Expected To File Late Friday

E. H. Moore to File For Governor

(By Associated Press)

Columbus, O., Feb. 27.—Though neither Governor Cox nor Senator Harding have yet filed declarations of their candidacy for the presidential nomination, both are expected to do so before five o'clock this evening.

A statement from Democratic headquarters said national committeeman E. H. Moore, of Youngstown, would file the governor's declaration. At the same time former Governor Campbell will file as presidential candidate so that candidates for delegates may express second choice.

Both Governor Cox and Campbell will file blanket declarations so any persons desiring to be candidates for delegates may do so.

However it is said there is very little likelihood of contests in any district or for delegates at large.

FALSE TEETH FAMINE NEAR

(By Associated Press)

New York, Feb. 27.—New York faced the possibility of a false teeth famine today when 500 members of the Dental Workers' Industrial union struck for a 44 hour week and 50 per cent wage increase.

REPORT BOYS HAVE ENLISTED

(By Associated Press)

Washington, February 27.—The house naval committee called on the navy department today for an explanation of reports that hundreds of boys under 17 have been enlisted in the service.

WILL OPPOSE RHODE ISLAND

(By Associated Press.)

Augusta, Maine, February 27.—A list of 26 states that will co-operate in opposing Rhode Island in seeking to have the national prohibition amendment declared unconstitutional, was announced today by Governor Milliken.

PACKERS ENJOINED FROM OTHER LINES IN DECREE JUST FILED

COLONEL ROUGH COMES OUT FOR SUPREME BENCH

Former Commander Old Fourth Regiment is Political Aspirant.

(By Associated Press.)

Delaware, Feb. 27.—Colonel Benson W. Hough, who commanded the Ohio regiment of the famous Rainbow Division in France, today announced his candidacy for Justice of the Ohio Supreme Court.

Colonel Hough is a Republican and was Adjutant General of Ohio under Governor Willis. He made it clear in his announcement that he would enter the contest for the short term on the Supreme Court bench.

NO COAL; MILLS CLOSE

YOUNGSTOWN.—Several blooming mills and units of the sheet and finishing mills of Youngstown Sheet and Tube Company closed down on account of coal shortage.

STILL WAITING FOR HIS MONEY

(By Associated Press)

Akron, O., Feb. 27.—William Chiras, factory employe, was still waiting today for twenty thousand dollars he was to be given by a stranger. Meanwhile, police are searching for the stranger and \$1,700 which Chiras gave him as bond.

SERUM CAUSES DOCTOR'S DEATH

(By Associated Press.)

Columbus, O., Feb. 27.—Dr. William King Rogers, 56, widely known surgeon and medical specialist, died here today from pneumonia and blood poisoning believed to have been induced by a serum treatment to prevent influenza.

JAWN MCGRAW IS FAR AWAY FROM BASERAIN POWWOW

John McGraw, photographed recently while watching races at Oriental park.

When the big league magnates gathered in Chicago the other day to thrash out the annual grist of problems, revise the rules and try to muzzle Harry Frazee or kick him out of the game, John McGraw, scrappy owner of the Giants, was among those absent. You know, Jawn recently became one of the principal owners of Oriental Park race track at Havana, Cuba, and is busy down there. President Stoneham of the Giants represented the club at Chi-

Can Now Handle Only Meat And By-products Under An Agreement.

FOOD MONOPOLY ENDED

Packer's Council Denies Any Guilt On Part of Clients

Palmer Says Freedom of Competition Has Been Restored

(By Associated Press.)

Washington, Feb. 27.—The agreed decree under which the "big five" packers are forever enjoined from engaging in any lines of business other than that of handling meat and produce was filed today in the District of Columbia Supreme Court.

It was submitted by Attorney General Palmer, who said it "removes the menace of control of unrelated industries by the big five and confines their activities in future to the business of distributing meat and its by-products."

Counsel for the packers, in a statement to the court, said the decree had been agreed to by the defendants "not because of guilt, for they have not violated any law, but that the American people may be assured that there is not the remotest possibility of a food monopoly by the packers."

(By Associated Press.)

After hearing statements by counsel for the government and the packers, Chief Justice McCoy signed the injunction making effective the agreement.

Attorney General Palmer commenting on the decree said:

"The decree is designed to restore freedom of competition and increase the opportunities for individual initiative in business which in time must bear good fruit for the public welfare. These great aggregations of capital, which have come to be known as the 'big five', have been able to dominate so many lines of trade that their continued and unrestrained growth constituted a real menace not only to American business but to the American public as well."

PRESIDENT HAS RAILROAD BILL MAY SIGN TODAY

No Constitutional Objection To Measure Found by Palmer

(By Associated Press)

Washington, Feb. 27.—The compromise railroad bill was returned to the White House today by the Department of Justice, to which it was referred Wednesday for an opinion as to its validity.

The president was expected to act upon it today or tomorrow. Attorney General Palmer informed the president that he saw no constitutional objection to the measure.

Washington, February 27.—Later the president ordered the bill sent to Director General Hines for his opinion.

FAILS TO OBEY IS SHOT DEAD

(By Associated Press.)

Akron, O., Feb. 27.—When he took as a joke a command to throw up his hands, and instead continued laughingly on his way, Russell Borway, aged 20, was shot and killed by a highwayman, who escaped.

DECLARES CANINE WAS FOUND WITH STOLEN LAUNDRY

The police bumped into a brand new experience, Thursday afternoon, when a bag of laundry was reported missing from a residence on Washington avenue.

Chief Moore started an investigation and found the stolen laundry in possession of Harry Carey, who was before Mayor Dahl recently.

Carey explained his possession of the laundry, according to the police, by declaring that he was passing along the street and met a large dog which was carrying the laundry, and that he took charge of the bag.

The police are investigating.

COAL SITUATION IS DISCOURAGING

Little or no improvement has been evidenced in the coal situation in this city. In fact coal dealers view the situation with apprehension as to the final outcome of the coal shortage. While some coal has been received within the past two days it has been greedily snatched up and a car will last but a few hours.

Few dealers in this city reported having coal of any consequence in their yards Friday. But small amounts are being received.

Persons who have coal in their bins are asked to not seek more until the situation is relieved in order that those less fortunate may receive fuel enough to keep warm.

ATTENDANCE AGAIN IS ALMOST NORMAL

Attendance in the schools of Fayette county has shown an increase in the last week until at the present time almost all schools, both in the city and in the rural districts, report a normal number of students back at their desks. During the influenza epidemic the greater per cent of the pupils were absent from their work in the rural districts.

With the exception of the Sunflower and New Martinsburg schools all rural schools are opened. The teachers at these two schools have been ill but will be able to resume work Monday morning.

Two instructors in the Washington High School, Miss Blanche Tullis and J. A. Harbaugh, are back at their work after an attack of illness.

WASHINGTON 24 STRAITSVILLE 3

In their first game of the Southern Ohio Tournament at Athens Friday afternoon Washington turned back New Straitsville by a score of 24 to 3. Washington will play again Friday evening.

LOCAL DENTISTS ATTEND MEETING

Dentists of this city will attend the mid-winter meeting of the Rehwinkle Dental Society which will be held in Chillicothe, Saturday. Dr. A. M. Bush will be presiding officer of the meeting.

A program that will take up the entire day will be carried out by the different groups of dentists which will be present from cities of this section of the state. All dentists of this city are members of the Rehwinkle Society.

VERY LITTLE FLU AT PRESENT TIME

Physicians report very little influenza in the city or county at the present time, the epidemic having subsided in short order after once starting on the decline.

Health conditions are now exceptionally good and little fear is held that there may be a recurrence of the disease this winter.

CLINICAL WORK IN THE SCHOOLS

Dental clinic work in the public schools of this city will start March 23rd and continue during the week. At that time all children who have not completed their slips by having their teeth treated as instructed will be treated by the different dentists who will do the work at the school building.

TAX BLANKS WILL GO OUT APRIL 1ST

Tax blanks will be sent out this year as usual about April 1st, and ample time will be given to everyone to complete their tax returns and file them with the county auditor.

The Big Opening

A young man who recently departed for the Canal Zone to carve out a career for himself, explained, when asked by his friends just what line of endeavor he would pursue, that he wasn't quite sure, but that he understood there was a "big opening down there".

His entire knowledge of the Panama Canal and its purposes and prospects were summed up in that phrase.

The young man is like a good many others of us. We have heard a great deal of talk about the Panama Canal. We know it is a great achievement. We're proud of it. But to us, as to him, it is just a "big opening". We have but a very vague idea of its real usefulness, proportions and future.

We know remotely that a number of projects came to grief before it was accomplished, including that of the great de Lesseps, and that American enterprise and American army engineers stepped in and did the job.

The great naval and military importance of the canal we but little realize, but we should have a clearer conception than we have of the canal's great commercial importance.

Overshadowed by events incident to the beginning of the great war in 1914, the opening of the canal in that year gained but brief mention and consideration generally. Yet the Panama canal has been called, and justly, the eighth wonder of the world.

The business of the canal was handicapped during the war, due to the fact that shipping of the world was needed for special purposes and little of it found its way to the Canal zone. But in 1919 the canal showed an actual profit of \$200,000.

If the canal can do three times that much business a year with the return to normal, it will pay, and indications are that it will reach a paying basis within a very short time.

Find Your Job

The big thing nowadays is to get more results with less effort. That is the keynote of efficiency, and America is pronounced by experts in applied psychology as but thirty-three and a third per cent efficient in the industrial world.

Such experts claim that much of the social and industrial unrest throughout the country is due to the fact that 79 per cent of the employers and employees of the United States are in the wrong jobs.

To the man or woman anxious to make a success in life there is nothing more vital than finding the right job—the job that appeals to his or her individuality and possesses a growing interest that makes work a pleasure as well as the means to an end.

There is a constant market in this country for individuality. Individuality alone develops the flame of ambition and the man whose heart is in his work is the man who renders the fullest degree of efficiency to his employer.

Dr. Warren Hall, who was the government's character expert in the New York re-employment bureau and served for two years in France says: "My observations, deduced from actual occupational analysis in many American cities, are that there are scores of highly capable employees in any department store, who, if their individuality were developed, would be graded as first class employees with efficiency records approaching 100 per cent of energy in doing it." Now they do about one-third of their work and utilize close to the same amount of energy.

The wise man will make a careful analysis along the line of his capabilities and put forth every effort to develop his individuality along that line.

Find your job—it will mean all the difference in the world, not only in the line of success, but in the added zest which you bring to your work.

POETRY FOR TODAY

SUBMARINE PATROL

Every beck of light to starboard,
every wigglin' wave to port,
Every bit of driftwood bobbin—the
cold sea's cruel sport—
We watched 'em all and seiral with
something more than hope,
For everything that passed us we
prayed was a periscope.

There were guns and ash-can waitin'
with us on watch beside,
And every Hun we spotted we ripped
his slinkin' hide,
And sent him down to Davy, although
we knew blamed well
That Davy'd up and cuss us and send
him on to Hell.

Down where good sailors gather when
the last cruise is done,
When the record's close and stainless
and the last clean fight is won,
There'll be room for none made like
'em—they'll get passed on, you bet;
For they put a shame on seamen that
seamen can't forget.

And those we didn't locate—what
crept through North Sea fogs
And gave up to the British like whin-
in', beaten dogs—
They'd better go to farmin' for—take
it straight from me—
They sure won't have no picnic if
they come back on the sea.
—By James C. Bardin

BETTER THAN CALOMEL

Thousands Have Discovered
Dr. Edwards' Olive Tablets
Are a Harmless Substitute

Dr. Edwards' Olive Tablets are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. For 17 years he used these tablets (a vegetable compound mixed with olive oil) in his private practice with great success. They do all the good that calomel does but have no bad after effects. No pains, no griping, no injury to the gums or danger from acid foods—yet they stimulate the liver and bowels. Take Dr. Edwards' Olive Tablets when you feel "lousy" and "heavy." Note how they clear clouded brain and perk up the spirits. 10c and 25c a box.

ADRIATIC EXCHANGES PUBLISHED BY WILSON

President Adheres to His Pre-
vious Decision That Unless
Terms of Settlement Conform
to December 9 Agreement
Treaty Will Be Withdrawn
From Senate.

Latest Response of Premiers in
On Its Way to Washington

(By Associated Press.)

Washington, February 26.
—President Wilson, in reply to the British and French premiers on the Adriatic question, adheres to his previous decision that unless terms of settlement are returned to provisions of the December 9 agreement, he "must take under serious consideration" withdrawal of the treaty of Versailles and the French alliance from the Senate.

Response of the Premiers was despatched from London today, but had not been received tonight in Washington.

With expectation of this note, the exchanges on the subject, including the December 9 agreement and subsequent agreements communicated to Jugo Slavia last month by the British and French premiers, were made public today by the State Department.

"The joint memorandum of December 9, subscribed to by France, Great Britain and the United States, and which it was supposed here settled the Adriatic question, provided in substance the following:
"Istria was to have a frontier which

while "widely overstepping" the recognized ethical line between Italy and Jugo Slavia would have given to Italy more than 300,000 Jugo Slavs and further extended eastward to give Italy territory in the region of Albania, also including Jugo Slavs.

"A buffer state between the Italian territory and Istria and the Serb-Croat-Slovene kingdom, containing some 200,000 Jugo Slavs, as against 40,000 Italians, was to be placed under the League of Nations.

"The so-called Asaling region was to be permanently demilitarized. There was to be a free state of Fiume, under control of and future determination by the league, with full autonomy for the city of Fiume.

"The city of Zara was to have complete sovereignty under the league and complete control of its own affairs. The islands of the Pelagosa group, Lissa and the small islands west of it, Lussini and Unie, were to pass to Italy on demilitarized statutes with local autonomy for the Slavs in Lissa.

"Italy was to have a mandate over the independent state of Albania under the league. Albanian frontiers north and east were to be those fixed by the London conference of 1913, but the south was left for negotiation.

"Greece was to have certain territory, the lines for some of which were to be left for negotiation. The city of Valona, and such hinterland strictly

necessary to defense and economic development, were granted to Italy in full sovereignty.

"These provisions were described in the memorandum as affording to Italy "full satisfaction of her historic national aspiration uniting the Italian race and giving her "absolute strategic control of the Adriatic."

"The conference declared they had carried "their concern for Italian security to the point of neutralizing the Dalmatian Islands, adjacent waters from the northern border of the Regusa region to Fiume."

"Italy, however, had asked for diplomatic control of Zara; dissociation of the city of Fiume from the three free states of Fiume; connection of the city of Fiume to Istria by a corridor, and annexation to Italy of the island of Lagosta.

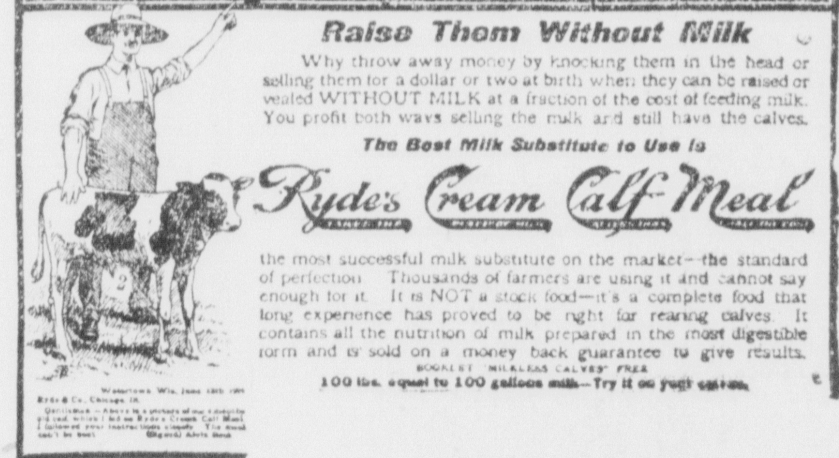

"This plan, the conferees characterized as "counter to every consideration of geography, economics and territorial convenience."

DECLARES CANINE WAS FOUND WITH STOLEN LAUNDRY

The police bumped into a brand new experience, Thursday afternoon, when a bag of laundry was reported missing from a residence on Washington avenue.

Chief Moore started an investigation and found the stolen laundry in possession of Harry Carey, who was before Mayor Dahl recently.

Carey explained his possession of the laundry, according to the police, by declaring that he was passing along the street and met a large dog which was carrying the laundry, and that he took charge of the bag.

The police are investigating.

COAL SITUATION IS DISCOURAGING

Little or no improvement has been evidenced in the coal situation in this city. In fact coal dealers view the situation with apprehension as to the final outcome of the coal shortage. While some coal has been received within the past two days it has been greedily snatched up and a car will last but a few hours.

Few dealers in this city reported having coal of any consequence in their yards Friday. But small amounts are being received.

Persons who have coal in their bins are asked to not seek more until the situation is relieved in order that those less fortunate may receive fuel enough to keep warm.

ATTENDANCE AGAIN IS ALMOST NORMAL

Attendance in the schools of Fayette county has shown an increase in the last week until at the present time almost all schools, both in the city and in the rural districts, report a normal number of students back at their desks. During the influenza epidemic the greater per cent of the pupils were absent from their work in the rural districts.

With the exception of the Sunflower and New Martinsburg schools all rural schools are opened. The teachers at these two schools have been ill but will be able to resume work Monday morning.

Two instructors in the Washington High School, Miss Blanche Tullis and J. A. Harbaugh, are back at their work after an attack of illness.

WASHINGTON 24 STRAITSVILLE 3

In their first game of the Southern Ohio Tournament at Athens Friday afternoon Washington turned back New Straitsville by a score of 24 to 3. Washington will play again Friday evening.

LOCAL DENTISTS ATTEND MEETING

Dentists of this city will attend the mid-winter meeting of the Rehwinkle Dental Society which will be held in Chillicothe, Saturday. Dr. A. M. Bush will be presiding officer of the meeting.

A program that will take up the entire day will be carried out by the different groups of dentists which will be present from cities of this section of the state. All dentists of this city are members of the Rehwinkle Society.

VERY LITTLE FLU AT PRESENT TIME

Physicians report very little influenza in the city or county at the present time, the epidemic having subsided in short order after once starting on the decline.

Health conditions are now exceptionally good and little fear is held that there may be a recurrence of the disease this winter.

CLINICAL WORK IN THE SCHOOLS

Dental clinic work in the public schools of this city will start March 22nd and continue during the week. At that time all children who have not completed their slips by having their teeth treated as instructed will be treated by the different dentists who will do the work at the school building.

TAX BLANKS WILL GO OUT APRIL 1ST

Tax blanks will be sent out this year as usual about April 1st, and ample time will be given to everyone to complete their tax returns and file them with the county auditor.

The Big Opening

A young man who recently departed for the Canal Zone to carve out a career for himself, explained, when asked by his friends just what line of endeavor he would pursue, that he wasn't quite sure, but that he understood there was a "big opening down there".

His entire knowledge of the Panama Canal and its purposes and prospects were summed up in that phrase.

The young man is like a good many others of us. We have heard a great deal of talk about the Panama Canal. We know it is a great achievement. We're proud of it. But to us, as to him, it is just a "big opening". We have but a very vague idea of its real usefulness, proportions and future.

We know remotely that a number of projects came to grief before it was accomplished, including that of the great de Lesseps, and that American enterprise and American army engineers stepped in and did the job.

The great naval and military importance of the canal we but little realize, but we should have a clearer conception than we have of the canal's great commercial importance.

Overshadowed by events incident to the beginning of the great war in 1914, the opening of the canal in that year gained but brief mention and consideration generally. Yet the Panama canal has been called, and justly, the eighth wonder of the world.

The business of the canal was handicapped during the war, due to the fact that shipping of the world was needed for special purposes and little of it found its way to the Canal zone. But in 1919 the canal showed an actual profit of \$200,000.

If the canal can do three times that much business a year with the return to normal, it will pay, and indications are that it will reach a paying basis within a very short time.

Find Your Job

The big thing nowadays is to get more results with less effort. That is the keynote of efficiency, and America is pronounced by experts in applied psychology as but thirty-three and a third per cent efficient in the industrial world.

Such experts claim that much of the social and industrial unrest throughout the country is due to the fact that 70 per cent of the employers and employees of the United States are in the wrong jobs.

To the man or woman anxious to make a success in life there is nothing more vital than finding the right job—the job that appeals to his or her individuality and possesses a growing interest that makes work a pleasure as well as the means to an end.

There is a constant market in this country for individuality. Individuality alone develops the flame of ambition and the man whose heart is in his work is the man who renders the fullest degree of efficiency to his employer.

Dr. Warren Hall, who was the government's character expert in the New York re-employment bureau and served for two years in France says: "My observations, deduced from actual occupational analysis in many American cities, are that there are scores of highly capable employees in any department store, who, if their individuality were developed, would be graded as first class employees with efficiency records approaching 100 per cent of energy in doing it." Now they do about one-third of their work and utilize close to the same amount of energy.

The wise man will make a careful analysis along the line of his capabilities and put forth every effort to develop his individuality along that line.

Find your job—it will mean all the difference in the world, not only in the line of success, but in the added zest which you bring to your work.

POETRY FOR TODAY

SUBMARINE PATROL

Every fleck of light to starboard
Every wigglin' wave to port,
Every bit of driftwood bobbin—the
cold sea's cruel sport—
We watched 'em all and sear'd with
something more than hope,
For everything that passed us we
prayed was a periscope.

There were guns and ash-can waitin'
with us on watch beside,
And every Hun we spotted we ripped
his slinkin' hide,
and sent him down to Davy, although
we knew blamed well
That Dav'd up and cuss us and send
him on to Hell.

Down where good sailors gather when
the last cruise is done,
When the record's close and stainless
and the last clean fight is won,
There'll be room for none made like
'em—they'll get passed on, you
bet;
For they put a shame on seamen that
seamen can't forget.

And those we didn't locate—what
crept through North Sea fogs
And gave up to the British like whin-
in', beaten dogs—
They'd better go to farmin' for—take
it straight from me—
They sure won't have no picnic if
they come back on the sea.

ADRIATIC EXCHANGES PUBLISHED BY WILSON

President Adheres to His Previous Decision That Unless Terms of Settlement Conform to December 9 Agreement Treaty Will Be Withdrawn From Senate.

Latest Response of Premiers in On Its Way to Washington

(By Associated Press.)

Washington, February 26.—President Wilson, in reply to the British and French premiers on the Adriatic question, adheres to his previous decision that unless terms of settlement are returned to provisions of the December 9 agreement, he "must take under serious consideration" withdrawal of the treaty of Versailles and the French alliance from the Senate.

Response of the Premiers was despatched from London today, but had not been received tonight in Washington.

With expectation of this note, the exchanges on the subject, including the December 9 agreement and subsequent agreements communicated to Jugo Slavia last month by the British and French premiers, were made public today by the State Department.

"The joint memorandum of December 9, subscribed to by France, Great Britain and the United States, and which it was supposed here settled the Adriatic question, provided in substance the following:

"Istria was to have a frontier which

while "widely overstepping" the recognized ethical line between Italy and Jugo Slavia would have given to Italy more than 300,000 Jugo Slavs and further extended eastward to give Italy territory in the region of Albania, also including Jugo Slavs.

"A buffer state between the Italian territory and Istria and the Serb-Croat-Slovene kingdom, containing some 200,000 Jugo Slavs, as against 40,000 Italians, was to be placed under the League of Nations.

"The so-called Asaling region was to be permanently demilitarized. There was to be a free state of Fiume, under control of and future determination by the league, with full autonomy for the city of Fiume.

"The city of Zara was to have complete sovereignty under the league and complete control of its own affairs. The islands of the Pelagosa group, Lissa and the small islands west of it, Lussin and Unie, were to pass to Italy on demilitarized statutes with local autonomy for the Slavs in Lissa.

"Italy was to have a mandate over the independent state of Albania under the league. Albanian frontiers north and east were to be those fixed by the London conference of 1913, but the south was left for negotiation.

"Greece was to have certain territory, the lines for some of which were to be left for negotiation. The city of Valona, and such hinterland strictly

necessary to defense and economic development, were granted to Italy in full sovereignty.

"These provisions were described in the memorandum as affording to Italy "full satisfaction of her historic national aspiration uniting the Italian race and giving her "absolute strategic control of the Adriatic."

"The conference declared they had carried "their concern for Italian security to the point of neutralizing the Dalmatian Islands, adjacent waters from the northern border of the Regusa region to Fiume."

"Italy, however, had asked for diplomatic control of Zara; dissociation of the city of Fiume from the three free states of Fiume; connection of the city of Fiume to Istria by a corridor, and annexation to Italy of the island of Lagosta.

"This plan, the conferees characterized as "counter to every consideration of geography, economics and territorial convenience."

RANDOM NOTES

SOCIAL : PERSONAL MENTION : CLUBS

The Ladles' Aid Society of the Camp Grove Church met Wednesday afternoon with Mrs. Pearl Lemons on the Chillicothe pike, with twelve members and four visitors attending.

Mrs. Frank Carr, Vice President, was in charge of the meeting, the members responding to roll call with scripture verses. Plans were made for an indoor picnic to be held at the Elliott school house, Friday evening March fifth, honoring four members of the society, Mrs. Frank Garringer, Mrs. John Arnold, Mrs. Verne Kneisley and Mrs. Claude Haines who with their families are moving from the neighborhood.

Mrs. Hugh Smith won the prize in an entertaining contest at the close of the business session. Tempting refreshments were served by the hostess.

Potted plants were used in effective decorations through the home.

Mr. and Mrs. C. N. Baer entertained at a very informal dinner, Thursday evening, Mr. and Mrs. Clarence Craig, Mr. and Mrs. Ed Pite, Mr. and Mrs. Frank L. James, Mr. and Mrs. Troy Junk.

Miss Nora Stancliff, of Richmond, Ind., and Mr. Finley Consolver, of New Holland, were married Friday at Chillicothe. The young couple returned Saturday evening to the groom's

parents, Mr. and Mrs. Sherman Consolver, who live south of New Holland where an elaborate supper was spread in their honor. The guests included Mr. and Mrs. Jacob Minshall and daughter, Miss Dessie, Mrs. E. M. Houston, of Dayton; Mrs. Della Fletcher, Misses Daisy Riley, Macie Orihood, Messrs. Harry Orihood, John Speakman and Orpha Chaffin.—Chillicothe Herald.

The Cecilians announce that the next artists' recital will be given Tuesday March ninth instead of March third as previously announced. The artists will be Mrs. Bumstead at the piano, and Mrs. Collmer violinist.

The Leap Year Dance under the auspices of the Chi Delta Chi Club which was to have been February thirtieth, will be given Friday evening, March the twelfth at the G. A. R. Hall with Saint Patrick day suggestions featuring in the decorations.

The L. E. Smith Orchestra has been secured for the occasion.

Washington friends of Miss Lucile Henderson, of Wilmington, who went to Mexico, recently as a Missionary under the supervision of the Methodist Missionary Board, will be interested in reading an account of her work.

The Wilmington Journal says: "Miss Henderson was asked by the Mexican Government to give a part

of her time to teaching in the Domestic Science Department of the State Normal School at Guanajuato, and she has accepted the position, spending four hours per week in the State institution.

"For this work Miss Henderson receives a very good salary, which is turned over to the Missionary Board to support her department of missionary work in Mexico. The fact that she was offered the position by the Mexican Government is considered very complimentary to Miss Henderson and to the work of the missionaries in Mexico. This is the first recognition of this kind that has been given to any missionary in Mexico.

Mrs. Orme W. Brown very hospitably entertained the Thursday Kensington Club, with a few additional guests, at her home on North Fayette street.

An appetizing lunch was served.

Mrs. John Weade filled the role of hostess to the G. R. C. of Sugar Grove Church, Thursday afternoon, the next meeting to be held in two weeks at the home of Mrs. Harry King.

Devotionals were conducted by Mrs. Harry King, and the lesson study by Mrs. Herbert Cockerill.

Mrs. Weade served tempting refreshments during the social hour.

The Pythian Sisters are announcing an "Old Fashioned Dance" for next Tuesday evening, March second at the Pythian Castle—music by a String Orchestra.

The dance program will include several old favorites.

Mrs. M. C. Baughn and son Bobby who have been quite ill with influenza at the home of Mr. and Mrs. J. A. Thornton returned to their home in Columbus, Thursday evening. Miss Marjorie Thornton accompanied her sister home for a short visit.

"Miss Fernie Doster, who has been the guest of her brother and wife, Mr. and Mrs. J. B. Doster in New York City, returned home Wednesday Enroute she visited in Washington, D. C., with Mrs. Margaret Willette Morrison."—Greenfield Republican.

Mr. Harold McLean spent Friday in Columbus at the Automobile Show. Friends are glad to learn that Mr. Valentine Hoppess who has been seriously ill with pneumonia, is much better.

Mrs. Elizabeth Shafer returned Thursday night after a stay of several months with relatives in Illinois. Her son Mr. Ora Shafer and wife, of Decatur, Ill., accompanied her for a brief visit.

Mr. Hugh Creamer, of near this city was a business visitor in Columbus, Friday.

Misses Fanny and Nina Dahl were visitors in Columbus Friday.

Mrs. B. L. Mader is spending a few days in Greenfield.

Mr. David Selsor Graham, of South Charleston, was a business visitor here, Thursday.

Mrs. Will Shoults, of Indianapolis, Indiana, is visiting her mother, Mrs. H. E. Coffman, who is recovering from a serious illness.

Miss Violet Chitty, who has been recuperating from an operation and later illness at the home of her sister, Mrs. Grant Marchant, in Milledgeville the past two months left Thursday for the Marchant, winter home at Palmetto, Fla., Mrs. Marchant accompanied her to Cincinnati, returning Friday.

Mrs. George Fabb has returned from an extended stay with her niece, Mrs. John Bartleson, in Columbus, being called there by the serious illness of Mrs. Bartleson's little son. The child is now out of danger.

Miss Nina Dahl went to Chillicothe Thursday to be the guest of friends and to attend a dance.

Mrs. J. M. Bumgarner of the Lewis pike went to Columbus, Wednesday, to visit her brother and uncle, returning home Saturday.

Mr. L. H. Ellis and family have moved from Wilmington to this city and are now located in the Robert Dunn property on Briar Avenue, Millwood, which they recently purchased.

Miss Effie Martindale of near Jeffersonville is spending a few weeks with friends and relatives in and near Chillicothe.

Miss Edith Worthington left Friday afternoon for Madison, Wis., to resume her studies at Wisconsin University.

Mr. and Mrs. Ray Mershon came over from Dayton this week to spend a couple of days with Mr. Mershon's aunt, Miss Emma Mershon, who is recovering from a month's illness.

Mr. and Mrs. Elmer Baughn, who recently sold their improved farm, with handsome modern home, above Bloomingburg to Mr. Wert Elliott, are moving the first of March to London where they expect to make their future home.

Miss Opal Williams and Miss Virginia Collett of Sabina were the guests of Mrs. Mrs. Gay Townsend Wednesday.

Mr. Selsor Fenner returned Wednesday from a trip east.

Mrs. Fuller Hess of Columbus visited her father, Mr. W. W. Millikan, Wednesday enroute from Oxford where she spent the past week with her daughter, Miss Aileen, at Miami University.

Mr. and Mrs. Campbell John Graf (Stella Rogers) and their two sons, John Richard and Campbell Rogers, will be at home in Columbus, after March 1, at 293 Eighteenth Avenue. Mr. Graf is connected with the C. E. Knoepfle Company, Incorporated Industrial Engineers, 6 East Thirty-ninth Street, N. Y. His headquarters in the future will be in Columbus.—Ohio State Journal.

Mrs. Fred Hall returned to Columbus Thursday after a short visit with Sheriff and N. B. Hall.

Mr. Roy A. Tharp left Thursday night on a business trip to Detroit, Michigan.

Mrs. Willard S. Willis entertained the Thursday Bridge-Luncheon Club at a luncheon of lovely appointments and elaborate menu.

Mr. and Mrs. Joseph H. Harper have returned from a six weeks stay at Ashville, N. C.

Miss Lorie King went to Cincinnati Friday to spend a couple of days, and to enter upon her studies at the Conservatory of Music.

First Show 6:45; Second 8:15.

Admission 10c and 15c, including war tax

HOSPITAL NOTES

Mrs. C. K. Howard came over from Chillicothe Friday to visit her daughter, Mrs. Willard Story and family.

Mr. Charles McLean was a business visitor in Columbus Thursday.

Mr. Willard S. Willis left Thursday for Asheville, N. C., to visit his sister, Mrs. Roy Young and family.

Mr. and Mrs. Howard McLean are receiving congratulations upon the birth of a son at their home on South Fayette street, Wednesday. The baby has been named Joseph Kendall.

Mrs. Martha Kimball is critically ill at her home on N. North street.

Mrs. F. H. Powers, of Milledgeville was a shopping visitor in this city, Thursday.

Mr. Howard Barnett is confined to his home on Washington Avenue with an attack of quinsy.

Dr. and Mrs. Earl Brock of Evansville, Ind., are the guests of Dr. Brock's parents, Mr. and Mrs. Joe Brock, near Jeffersonville.

Mr. Warren W. Williams, of Jeffersonville attended the Columbus Automobile Show, Thursday.

Mr. Reuben Ragkin, of Jeffersonville was a business visitor in Columbus, Thursday.

Mr. Edward Brundage of Miami, Fla. is the guest of Mr. and Mrs. W. O. Reid of Jeffersonville.

Arthur Davis, the son of Mr. and Mrs. A. R. Davis, is very ill with the influenza.

Mr. F. H. Powers, of Milledgeville is convalescent after an attack of the illness.

Mr. Robt. C. Dunn has purchased the residence property of Miss Mary Meyer on South North Street.

Mr. Henry Sparks returned Friday evening from Cincinnati where he attended the Hardware Convention.

INSTRUCTORS MEET HOLD CONFERENCE

Smith-Hughes agricultural instructors of this section of the state met at the high school building Friday in an all-day conference. Fourteen instructors from surrounding high schools were in attendance.

The gathering in this city was the second day of a two-day session the first day of which, Thursday, was held in Grove City.

The Smith-Hughes agricultural department of the Ohio State University was represented.

During the forenoon the work of the students in Washington High School under Professor J. A. Harbaugh was inspected and the instructors met in conference in the agricultural rooms in the afternoon.

ROADS IMPROVE WITH FREEZING

The roads, many of which were almost impassable as result of rain and thawing, have become much improved with freezing weather and the water-disappearing from the surface of the roads.

However, when the thaw comes they will be in rather bad condition for a few days unless unusually bright weather follows.

Drugging as soon as the weather permits is being widely advocated, and this means of handling the problem is expected to place the roads in fair shape in short order by filling the large ruts and innumerable chuck holes.

TWO ARMY TRUCKS REACH FAYETTE

The first army trucks which will be used in Fayette county, after being equipped, have reached the county, and will be properly equipped for early use in hauling crushed stone and gravel.

Quite a number of these trucks will be received within a short time, and will be utilized in the various townships of the county.

The bobolink is known in the south as "rice bird" because of its destruction of rice fields.

LEGION SELECTS EASTER SUNDAY FOR SERVICES

*Impressive Services Will
Feature Presentation of
French Memorial Certifi-
cates at Memorial Hall.*

*Legion Members to Take
Vote at Session Next
Thursday Night.*

American Legion men of the Paul
H. Hughey Post No. 25, determined
Thursday evening to hold on Easter
Sunday, April 4, appropriate services
or the presentation of the French
Memorial War Certificates at Mem-
orial Hall to the next of kin of Fay-
ette county soldiers who died in the
service.

Congressman S. D. Fess notified the
Legion that it will be impossible for
him to deliver an address owing to ob-
ligations having arisen in other lines
of his work. However another man
of prominence will be engaged for the
occasion.

The memorial Certificates will be
present not only to the families of
those men who died while serving in
France, but also to the families of
those soldiers who died in the train-
ing camps or were killed while still
in this side of the ocean.

At the next meeting of the Legion,
Thursday evening at Memorial Hall,
a straw vote will be taken upon pol-
itical issues and soldier legislation
which ex-service men will be aff-
ected. This vote will be taken in
connection with the vote which is be-
ing taken all over the country in
Legion Posts and which is being
sponsored by the Home Sector, a
magazine for the former soldier.

Several new members were taken into
the local Legion Post Thursday eve-
ning and the membership is growing
steadily although no concerted mem-
bership drive has been instigated over
the county.

SOON TO PLANT 6400 APPLE TREES

Within a short time Frank Jones, of
this city, who is planning to move to
Gallipolis in the near future, will have
a force of men at work planting 6400
apple trees on the Clendenen farm
of over 200 acres recently purchased
by Mr. Jones and which is located a
few miles north of Gallipolis.

The 6400 apple trees will be of the
Yellow Transparent variety and will
cover 80 acres of the farm. The land
is ideal for producing fruit and the
farm, within a few years, will be one
of the most valuable in that part of
the state.

Mr. Jones also expects to raise sev-
eral acres of tobacco this year, and
if the venture is a success, will pro-
duce a much larger amount next year.
A fine private fish pond is located on
the farm.

FEWER CANINES TO BE TAGGED

The new dog and kennel law, which
has been in effect the past two or

three years has materially reduced the
number of worthless dogs in Fayette
county, as indicated by the records
in the county auditor's office.

Records show that the first year
some 2500 dogs were licensed and
late records show that some 2100 to
2200 dogs are to be found in Fayette
county at the present time.

Opportunities for Men and Women Seeking Employment at Attractive Wages and Amid Pleasant Surroundings

The Hooven & Allison Company, of Xenia, Ohio, manufactur-
ers of binder twine, rope, and cordage, operating three large
plants in this city, has openings for men and women and for boys
above fifteen and girls above sixteen years old. The mills are in
every respect sanitary, the work is easily learned, and employees
are offered special advantages of a nature which will directly and
substantially benefit individual employees and their families.

The company maintains a GROCERY, carrying a full line of
staple Groceries which are sold to employees at actual cost. A
meat shop is maintained where employees can purchase fresh and
smoked meats of excellent quality at cost.

The Company delivers COAL to its employees at actual cost.

A Restaurant,

serving two meals daily is operated. Wholesome cooked foods
and in abundant quantities are always available to employees at
actual cost.

Individual Gardens

will be allotted to employees who agree to maintain them. The
soil is prepared and turned over to the individual ready for plant-
ing, without cost.

Own Houses.

The Company can, now, care for 44 families in its OWN
HOUSES. There is plenty of ground and more will be added as
the necessity becomes apparent. These houses are not uniform,
there being some with four rooms, some with five rooms, and still
others with as many as six rooms. Each dwelling is lighted with
electricity and there is running water and other conveniences.

The Company carries LIFE INSURANCE for its employees
without cost to them. After six months service, a policy of \$500
is issued and this amount increases automatically through length
of service until individuals are each protected to a maximum of
\$1,000.00.

Steady Employment,

under the above conditions, is assured, as the Company's
plants are operated the year round. The wages paid are SUB-
STANTIAL and, when taken in connection with the many ad-
vantages which the Company has to offer, make an attractive
proposition to any one interested in bettering himself or herself.

For exact information on any point, write or phone

tained from the protective fluid sent
out by the cuttlefish.

NEED OF THE SAME IN FAYETTE COUNTY

Dragging of the roads in Ross coun-
ty will begin in various sections of
the county just as soon as the weather
will permit, and the sunshine comes
out to dry the mud sufficiently so that
teams will not mire down—Scioto Ga-
zette.

In Fayette county at the present
time there is nothing more urgently
needed than proper dragging to fill in
the ruts which have been forming for
weeks and which, in many places have
cut through the road bed.

Dragging at the proper time and in
the proper manner is one of the best
means of placing the roads in better
condition that has been conceived
when the roads are cut up as at the
present time.

PLAYERS TO MEET FOR SEASON PLANS

Manager and players of the Washington Athletics will get together in a consultation meeting at the Arlington Hotel within a few days. It was stated at club headquarters Thursday, for the purpose of outlining plans for spring training and development of the new material recently added to the club.

Players on the club roster hail from several of the surrounding towns and cities and notices will be forwarded as soon as the date for the consultation is set.

AN ENTERTAINMENT CLOSES INSTITUTE

The New Holland Farmers' Institute was brought to a close Thursday evening with a minstrel show and Chinese Operetta by the high school. It completed one of the most successful institutes planned by the committee.

A. F. High and George S. Lentz, state speakers, spoke during the day. Mrs. Cartwright, another state speaker, was unable to appear on the second day of the program.

Music for the day's entertainment consisted of a piano duet by Miss Esta Grimes and Mrs. A. F. Kaler and a song by little Miss Marjorie Louis, the daughter of Mr. and Mrs. Herbert Louis.

SLOT MACHINES BARRED IN OHIO

The old question as to whether slot machines could be operated without violation of the law has been definitely settled by an opinion from Attorney General Price, who holds that slot machines of any kind which involve any chance of winning or losing, are illegal and the owner or operator can be held for gambling.

In this city Mayor Dahl barred slot machines, punch board and other gambling devices, so that the city has been comparatively free of such devices the past two years.

The first person cremated in America was Colonel Henry Laurens at Charleston, S. C., in 1792.

Miss Margaret Taylor is one of the society beauties who will attend the marriage of Miss Ida Burgess to Captain Walker at Fredericksburg, Va., next month. Miss Taylor will be bridesmaid.

WILBERFORCE FUND REACHES \$76,000

The Wilberforce Victory Rally which closed Wednesday night, Founders Day, brought to the university in cash \$45,000 and in notes and pledges payable not later than June, \$31,000, making a total of \$76,000. The goal had been set at \$50,000, the \$26,000 extra came as an agreeable surprise. This year's Founders Day celebration was the greatest in the history of the institution, and it is believed that a new era has been entered upon.

Wilberforce University was founded in the dark days of 1856 as a training school for preachers and missionaries. Today it has 50 professors and instructors, 950 students over 2000 graduates and 20 buildings.

The pastor and members of the A. M. E. Church of this city extend thanks to all who contributed in any way to the drive.

WILL DRAW UP NEW SCALE
CLEVELAND—The General Fishermen's Association of the Great Lakes opened its annual three days' convention. About 50 delegates, representing about 1800 members, attended. A scale for 1920 will be drawn up.

The University of Washington has a freshman fifty years old. His name is Arnt Tiller.

Stop Paying for Things That Cause You Trouble

Every time your cylinders fail to fire, it is not the fault of the spark plug; when your motor is hard to start it is not always the battery or ignition that is to blame; when your motor lacks power and the car runs by jumps and jerks it is not always the fault of improperly adjusted carburetor. Quite often—more often—it is the fuel you are using.

There is smoothness, power, pep and mileage in every gallon of

Liberty Gasoline

therefore there is more economy than is found in ordinary gasoline, and Liberty costs no more. Liberty is not compounded, prepared or mixed, it is just

Super Refined

from high grade raw material—best crude—by the most approved and scientific methods. It fires rapidly, burns cleanly and goes farther. That's why it gives more power, more miles and velvet motor action. Have you been convinced there is a difference? Then fill up next time with Liberty.

ARAHOOD

William Henry, oldest son of Mrs. Anna Arahood was born April 22, 1914, and died February 22, 1920.

His sad, and untimely death is much lamented by all who know him.

He was a bright, active little fellow, possessing a cheery disposition and always willing to perform the errands at his mamma's bidding.

He will be sadly missed by the little brother and sister for whom he had formed a great attachment.

The father passed to the Great Beyond about two years ago.

"My Lord has need of these flowers."

The Reaper said, and smiled; Dear tokens of the earth are they, Where he was once a child.

"They shall all bloom in fields of light, Transplanted by my care, And saints, upon their garments white, These sacred blossoms wear."

SHOE PITCHERS IN BIG TOURNEY

(By Associated Press)

St. Petersburg, Fla., February 23—

"Barnyard golf" enthusiasts from all parts of the country were entered in the national tournament which began here today. The contestants, headed by Fred M. Brust, of Columbus, Ohio, national champion, include many of the most noted players of the game.

Several teams from Akron, Ohio, composed of stars among employees of rubber goods manufacturing concerns, also were entered, their employers having announced they would send them here in order to encourage the sport among the factory workers. The Akron delegation will attempt to secure the next annual tournament for that city.

The duration of the tournament is indefinite because of the large entry list, the local club alone having a membership of more than 500, of whom many will contest in the championship events. The contestants range in age from youths in their early teens to Ezekiel Barnes, of this city, an expert 81 years old.

OHIO WOMEN PROCLAIM SYMPATHY WITH PARTY

There was nothing sensational in the way that Ohio women proclaimed their sympathy with the Republican party at Columbus Monday. Each county was entitled to two delegates and the representation thus secured made an earnest body of women, anxious to learn the attitude of Ohio's O. P. leaders toward governmental problems.

During the noon hour the delegates were the guests of the Republican Woman's Club of Columbus at the State Palace Restaurant.

While Mrs. J. G. Battelle was briefly introduced as the woman who deserved credit for the organization of

the above club, there was no attempted preferment. The affair reflects great credit upon the new organization, and outside women confidently expect to receive much help and inspiration from this level headed body of women.

Mrs. Harriet Taylor Upton acted as chairman and introduced the distinguished men who came in during luncheon to pay tribute to the official entrance of women into the Republican ranks. There were the brilliant National Chairman Hays, Ohio's well known statesman Warren G. Harding, George H. Clark and Rud Hynicka.

That which distinguishes each of these is the evident fact that they hold the party which they serve as far removed from personal wishes or mere personal benefits.

The men were well received, but it was at the after meeting at Memorial Hall that the women became enthusiastic over Senator Harding for they heard just what they had been waiting for; his suggestions for the party platform. These he presented clearly and convincingly.

Despite what some may say about the "noise of yesterday," the meeting at Memorial Hall, was a credit to the Republicans of the great state of the great state of Ohio. It was sane, enthusiastic, and the Republican women delegates appreciate the opportunity of hearing these instructive speeches in company with the representative republican men of Ohio.

DELEGATE

BROWN'S DRUG STORE

DRUGGISTS AND EXPERTS AGREE THIS TONIC IS MOST POWERFUL, EFFECTIVE PREPARATION MADE

NEVER BEFORE HAVE DRUGGISTS SO UNANIMOUSLY ENDORSED, RECOMMENDED AND ADVERTISED RECONSTRUCTIVE TONIC TO THE PUBLIC

READ WHAT THESE AUTHORITIES

ON THE SUBJECT SAY ABOUT IT

Best Stores In Town Tell Customers It Does The Work.

NO ONE CAN MAKE MISTAKE USING IT

With the exception of a mighty few stores with tonics of their own, druggists are enthusiastic about the new triumph in chemistry, known as Earle's Hypo-Cod which in thousands of tests has proven beyond all doubt its right to the distinction of being the most powerful, effective and palatable nutritive, digestive, alternative, reconstructive tonic made.

Druggists have not only watched the results with hundreds of customers, but many have taken it themselves, and with their knowledge of its ingredients as shown by the formula upon the bottle and their familiarity with all the hundreds of other preparations on the shelf, their judgment as to what it actually does in a given case should interest every person in town.

In the columns on the right will be found the statements of prominent druggists, pharmacists and chemists as well as that of the well known Authority Professor E. E. Early, Professor of Chemistry.

WHAT IT IS FOR

Earle's Hypo-Cod is the product of the nationally known Earle Chemical Co. and its name is a guarantee of the finest ingredients and highest quality medicine. It was created to quickly restore a person to robust, vigorous health and promptly increase the disease-ravaging vitality of a person after long wasting illness. It is with equal efficiency builds up anyone young or old who is in a run-down, weakened, debilitated condition due to strain, overwork, or nervousness. It promptly fortifies the system against sickness by strengthening the whole system. Take a person weak, nervous, pale, thin, and meagre and apt to catch cold, coughs, fevers, etc., and in a few days it enriches their blood, revives their appetite, speeds up their digestion and drives out the cold, cough, catarrhal, bronchial or asthmatic condition.

At this season of the year, we need richer blood to withstand the cold. We need a better appetite and digestion to handle the heavy breakfasts and lunches they lay on us. Our lungs should be strengthened and the chest cleared of congestion, coughs or colds. With a strong good digestion and appetite and rich blood, nature quickly and efficiently will build up the system and drive out the cold, cough, catarrhal, bronchial or asthmatic condition.

Read what these authorities say in their articles on the right. Read the glowing tributes they lay. Then remember that doctor, druggist, chemist, nurse and thousands of users recommend it and there—if you are not in robust vigorous health, of course you should get a bottle and see for yourself how promptly and quickly it can be seen back on their feet. It is the hands of the thousands of aches, pains and symptoms of the troubles for which it is good.

ANOTHER EXPERT OK'S HYPO-COD

Indorsed By Physicians—A Medicine of Great Merit, He Says.

"PREFERABLE TO ALL OTHERS"

In a statement reciting at length the splendid properties of each of the several elements composing Hypo-Cod, the eminent J. Henry Scruggs, Ph.D., P.D. confirms the conclusions arrived at and given in Professor Early's statement published elsewhere on this page.

"After carefully examining the preparation known to the public as Earle's Tasteless Hypo-Cod and carefully watching the results of several cases in which it was used, it is in my opinion absolutely the best Cod Liver Oil preparation made."

"Its great merit explains its great popularity. The formula is one that is endorsed by many of the leading physicians in the United States today."

"Very truly yours, J. Henry Scruggs, Ph.D., P.D., (Graduate Atlanta College Physicians & Surgeons.)"

"I picked out Hypo-Cod for my own use," declared N. C. Clark, Ph.D. "The case I know it was the best on the shelf. It restored my appetite and sleep better nights. Today I feel as well as I ever did in my life. I had become weak, run down and was looking mighty bad. I was so nervous I'd toss and roll all night. My digestion and appetite was poor and anybody needing a tonic like that will make no mistake by insisting on Earle's Hypo-Cod. It is the one I recommend," continued this gentleman whose health broke down while in the Service and who just recently came back and took up his work as usual in the drug store. Read what still other authorities on the subject say regarding Hypo-Cod on the right and in the article below. Then come down and get a bottle of the genuine, tonight and build yourself up.

EASY TO UNDERSTAND WHY OUR BEST PHYSICIANS PRESCRIBE IT

Wm. J. McManus, Ph.D., Ph.C., Tells Why Hypo-Cod Is Best Tonic You Can Buy.

"As a druggist and a graduate of the Ohio State University in Pharmacy and Chemistry I congratulate the Earle Chemical Company upon the wonderful medicine Earle's Hypo-Cod—a medicine that I consider strictly ethical and which I have recommended heartily to hundreds of customers as well as having taken myself as a general tonic with excellent results."

"And after watching and questioning my customers I can very easily understand why so many of our best physicians have been prescribing Earle's Hypo-Cod. I think the formula splendid and in without question a fine system builder and tonic. It is one remedy that really does what it is claimed in the advertising and is far superior to most medicines on the market to-day—especially herb, gly-

A PROFESSOR OF CHEMISTRY SAYS HYPO-COD IS OK

Best Reconstructive Tonic Ever Produced Says This Authority.

IT BUILDS UP RUNDOWN PEOPLE

"I have been in the medical profession for quite a number of years as a Pharmacist and Professor of Chemistry (Tennessee Medical College) and the truly wonderful results obtained by so many people through the use of Earle's Hypo-Cod caused me to decide to make an exhaustive research and I find it is one of the most extremely well balanced combinations of tonic, alternative and nutritive principles ever produced."

"It can be used with impunity without the least digestive disturbance owing to the complete absence of the fishy taste of Cod Liver oil, while still retaining all the extractive elements so useful as a tonic and tissue builder."

"The extract of Malt, containing Carbohydrates and Nitrogenous matter, cannot be surpassed as a nutritive and fat producing agent; Wild Cherry bark, as every one knows, has an extremely beneficial effect upon the mucous membranes, and with the small amount of strychnine present, acts as a stomach stimulating agent."

"The Hypophosphites of Lime, Soda, Potassium, Manganese, Quinine and Strychnine, are well known for the powerful influence they exert upon the wasted nerve tissue, and upon the lungs for the cure of tuberculosis and the Sherry wine not only acts as a tonic to hold it in solution, but acts as a mild stimulant and expectorant."

"I consider Earle's Hypo-Cod a most valuable preparation, and can readily understand why so many people are obtaining beneficial results from its use. It is a most meritorious preparation." Signed—E. E. Early, Ph.D., J. D.

The above statement indicates the splendid character of Earle's Hypo-Cod and the almost universal endorsement given it by the profession. It explains why thousands of users have paid it glowing tributes in almost countless instances.

Being made of the finest ingredients, it is one of the most perfect and largest laboratories, no one need hesitate a moment before using it themselves, or in the family. Read what another authority on the subject says in the article on the left—Then come down to the store and get a couple bottles.

DRUGGIST SAYS IT'S FINE TONIC AND PRAISES IT

Says He Prefers To Recommend It Every Time.

TELLS WHAT IT DOES FOR FOLKS

"I will tell you why we have sold thousands of bottles of Earle's Hypo-Cod, here in Chattanooga, Tennessee," writes Jno. Anderson, the largest druggist there.

"Though we make no profit on it, we prefer to recommend Hypo-Cod because of its great merit. We believe it to be a medicine that cannot be excelled and truly believe it will do all that is claimed for it. We have testimonials from some of the very best people in Chattanooga praising it."

Yours truly, Jno. Anderson, Prop.

Read what another expert says regarding Hypo-Cod, on the left and below. They know the formula, and know the concern making Hypo-Cod and their advice means much to a person who there are so many hundreds of medicines to choose from.

Read what the several authorities on the subject say in the several statements published on this page and then come down to the drug store and get a couple bottles. Week, fast growing children love it. Old folks say it is the first tonic they ever took that was so powerful enough to do the work right.

READ WHAT C. R. JAMES, Ph.D., Ph.C. SAYS REGARDING EARLE'S HYPO-COD

Concurs With Prof. Early—Best Cod Liver Oil Preparation On The Market.

TELLS WHAT IT WILL DO FOR YOU

"As manager of one of a chain of drug stores, I want to say that I most heartily concur with Professor Early, whose statement I have seen regarding Earle's Hypo-Cod, when he tells of the great merit of this preparation. I have recommended and sold hundreds of bottles of Hypo-Cod in this store and think it is the best cod liver oil preparation on the market."

It is a tonic to take, being combined with Syrup of Hypophosphites, Sherry Wine, Wild Cherry Bark, Malt, and Iron, that everyone speaks of it and everyone of those ingredients we all know are good. It is so readily retained by people with weak stomachs and is likewise so good for children that I recommend it heartily. For use as a general system tonic and builder, I think Hypo-Cod is a medicine of superior merit and know it will do all that is claimed for it and although it is a little higher in price than some of the cheap preparations, owing to the high quality used, we have an enormous demand for it and it is one that we all can heartily recommend." Signed—C. R. James, Ph.D., Ph.C. (Graduate Ohio State University.)

Read what still another authority says about Hypo-Cod below. Then come down and get a bottle of the genuine.

MAIL CARRIERS ON LAKE ERIE

(By Associated Press)

Put in Bay, Ohio, February 27. — It costs \$1 for the privilege of walking four miles across the ice from Catawba, on the mainland to this island behind the government mail carriers, who make the trip daily. As they know the safest routes to and from the island, everyone willingly pays them the dollar rather than risk the trip alone.

Morris Arndt and Arnold Burgraff are the mail men. They probably are the highest salaried mail delivery men of Uncle Sam's pay roll. Their year begins on December 1 and ends on April 1—the season during which navigation is closed.

For this four months work the government pays them slightly more than \$150. In addition they are permitted to earn all they can by handling freight for the island's population of 500 and acting as guides to persons wishing to make the trip.

Q-113

THE GOOD NEWS SPREAD FAST.

One person after the other kept telling about what good Dreco was doing, so finally this lady bought a bottle.

RIGHT THING AT LAST

Relieved constipation; stopped gas forming; eased her kidney trouble, and strengthened the vital organs.

"It seemed like the good news of what Dreco was doing spread fast. For I kept hearing people talk about what it was doing until I decided to get a bottle also," said Mrs. Wm. A. Gast, 1814 Putnam St., Sandusky, O.

"I've suffered agonies from gastritis. My food soured in my stomach, filled me with gas, and caused gripping pains and a choking feeling in my throat. My bowels were constipated so that I had to take medicine almost every night for months. I had been under treatment for kidney trouble for months—seems I had taken everything except the right thing. I was losing hope of ever being real well again."

"When I started taking Dreco I was truly in a bad condition, for I could eat but very little solid food. Dreco acted in a soothing manner on my stomach and topped the gas almost at once. My food began to nourish me and my nerves got steady. My bowels acted in a normal way each day; the headaches stopped and my sleep became restful, and I'd rise in the morning feeling refreshed. Dreco has proven a wonderful tonic to my vital organs and made a new woman out of me."

Dreco is made from the pure liquid extracts of many herbal plants, which act on the stomach, liver, kidneys, bowels and enrich the blood.

All good druggists sell Dreco and it is highly recommended in this city by Frank Christopher, Druggist

FIRST WOMAN TO SIGN NOTES

(By Associated Press)

Geneva, Switzerland, February 6.—The first woman to sign her name to bank notes in Switzerland, is Miss Marie Prodham, who has been appointed director of the Banque de Geneve, and will in future sign the notes and scrip issued by the bank.

There are now in Switzerland women practicing as judges, barristers, engineers, doctors and university professors.

"Let's top it off with a good smoke" — Chesterfield

NOTHING touches the spot like a good smoke—and nothing can touch Chesterfields for genuinely "satisfying" body and flavor.

In Chesterfields the finest of silky, aromatic Turkish and of rich, mellow Domestic tobaccos are blended to bring out a new and fuller flavor.

Now you know why Chesterfields "satisfy"—and because this blend is exclusive and cannot be copied, only Chesterfields can "satisfy"

Each package is wrapped in moisture-proof, glassine paper* that keeps all of the original flavor intact.

*About that moisture-proof wrapper, it keeps Chesterfields from ever becoming too moist or too dry.

FOR LUMBAGO

Try Musterole. See How Quickly It Relieves

You just rub Musterole in briskly, and usually the pain is gone—a delicious, soothing comfort comes to take its place. Musterole is a cream, white ointment, made with oil of mustard. Use it instead of mustard plaster. Will not blister. Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bite, colds of the chest. Always dependable.

20 and 60c jars; hospital size \$2.50.

Begy's MUSTARINE

Chemist Begy Says

When aches and pains distress you and keep you uneasy and unfit just rub on a little Begy's Mustarine. It cannot blister even though you'll find it many times stronger than anything else you can buy.

There's lots of things that will give temporary relief for

Bronchitis Sore Throat

but I want you to remember, if you want lasting relief, that heat is absolutely necessary to reduce the inflammation and scatter congestion.

Heat eases pain and heat is just what you get when you use Begy's Mustarine for lumbago, neuralgia, sciatica and rheumatic pains and twinges. 30 cents.

FAYETTE FARM BUREAU NOTES

(By L. H. Goddard, Sec'y.)

The following information is taken from Wallace's Farmer:

"Illinois farmers are settling down to a real business in their organization. At the February Executive Committee meeting of the Illinois Association the budget for the year was made out based on a total of \$333,000 to carry on the work as follows:

"The one big project which the association will take up is live stock marketing, for the reason that the committee worked hard the past year and has some definite projects to start on.

"A careful preliminary estimate indicates that no less than \$75,000 should be available to this department during 1920. Less than this amount will not make it possible to employ the best men to develop the department, or give men funds with which to accomplish results.

"The Director of this department would certainly be worth not less than, let us say, the headbuyer of one of the Big Five packing establishments, namely, \$12,000 to \$15,000 per year. Employment of a director of the department, equipment of his office, employment of stenographic help, traveling expenses, etc., will require from \$20,000 to \$25,000. The department should employ a stock yards representative and open an office at the yards. For this purpose \$7,500 should be available.

"For co-operative livestock shipping associations \$5,000 should be available. Pure-bred livestock marketing in its various phases local, national and international, should have not less than \$15,000 as its share of the department funds. A fund of at least \$10,000 for printing and advertising should be available.

"Inasmuch as livestock statistics must be the basic fact upon which most of the work of the department will be grounded, it is vital that a livestock statistician be employed. For him and his work \$10,000 should be available in 1920."

It is probable that much of the foregoing work will be taken over by the American Farm Bureau since much of the same information would be equally valuable to farmers in several states, but until the American Farm Bureau has plenty of funds the Illinois Farm Bureau proposes to go right ahead on its own account.

In the first years of the organization work of the farm bureaus county state and national, it will be necessary for make-shifts of this kind which will force the farmers of one state or even of a single county to bear more than their share of the burden of the expense, but even though they do they will be ahead of the game. And when the higher organization is made fully effective for work they will be able to use it to greater advantage because of preliminary experience.

ARE YOU A TARGET FOR INFLUENZA?

It Hits Listless, Run-down People
First—Their Blood is Thin

Germs Everywhere In Epidemic

Be Prepared—Strengthen and Build
Up Your Blood with Pepto-Mangan.

If it is true that you are not feeling your best—if you have that "always-tired" feeling and no interest or enthusiasm—then you should be careful of the influenza.

It is thin-blooded, anemic people that disease strikes first. The fact that you have had a very few illnesses has nothing to do with it. Everyone gets run-down occasionally, and when they do, the blood is in no condition to fight off disease germs, because it has not enough red corpuscles. It is the red corpuscles of the blood that fight disease and save you from sickness.

You simply can't afford to take chances when influenza is striking down thousands everywhere. Fortify your blood—build it up with the pleasant tonic, Pepto-Mangan.

And should you be just recovering from influenza, you need Pepto-Mangan because your blood has exhausted its strength. Pepto-Mangan will help build you up.

Pepto-Mangan is widely and heartily endorsed by physicians. It is effective and easy to take. Comes in either liquid or tablet form. No difference in medicinal properties.

Get it at any drug store. But be sure you get the genuine Pepto-Mangan—"Gude's." Ask for it by the name and be sure the full name is on the package.—Adv.

LABOR LEADER MAKES BLUNDER ABOUT AMERICA

(By Associated Press)

Amsterdam, February 6.—An unfavorable view of America is given in an interview in the Amsterdam Telegraph by William Oudegeest, widely known in labor circles, and leader of the Dutch labor party, who recently returned from attending the international labor congress at Washington.

Among other things, according to The Telegraaf, Mr. Oudegeest found that in the United States:

Politics are at this moment on a level with those of 1840 in Holland.

Economically, America has got to the stage of 1880.

In the light of culture the American still lives in the 18th century.

"One gets the impression," the Telegraaf quotes Mr. Oudegeest as

saying, "when he is in America that the bankers and great business men he is in the closing days of nobility, take the place of the junkies and when the peasants thought their lords barons. The only things of importance in this 'General' education is very low world, but with the difference that People do not read."

It is conceded by folks who know good things, especially good candy, that our

LINE OF CANDIES

is the most complete display of sweet goods to be found outside the larger cities, and embracing all the boxed goods as well as our own make. We invite you to look at our display, and if seeing is believing you will be convinced. Drop in, take home a pound.

SERUM SAVES LIFE OF WOMAN

(By Associated Press)

Washington, February 2.—It was serum prepared by veterinary scientist of the Bureau of Animal Industry for experimental purposes in treating forage poisoning of horses that saved the life of Lena Delbane, after six members of her family had died from eating poisonous olives in New York recently, according to the Department of Agriculture. The serum was made from blood of sheep that had been immunized against bacillus botulinus poisoning.

In investigating forage poisoning of horses the bureau of Animal Industry made extensive experiments with serum and discovered there were two strains of bacillus botulinus.

They look alike and the poisons they create produce the same effect but immunization against one does not afford immunization against the other. The two strains are commonly known by the government investi-

Ray Smith.

The sergeant who jumped into the limelight recently by interrupting Bob Martin's string of knockout victories by holding Martin to a draw.

gators as "the olive strain," and the "cheese strain". There instances of olive poisoning, one in Michigan one in Ohio and the third in Montana, were all caused by "the olive strain." The veterinarians there fore are reasonably certain that the serum affording protection against the poison generated by "the olive strain" would be effective in the New York cases and it proved to be the one case where it could be given a fair trial.

ONE RESULT OF WINTER

Life indoors with lack of exercise and heavy food is apt to throw the digestive organs out of order. Foley Cathartic Tablets are a wholesome physic that thoroughly cleanse the bowels without griping or nausea. They sweeten the stomach, invigorate the liver, banish headaches, biliousness, bloating, gas.—Blackmer & Tanguary.—Advt.

Brownell incubates eggs, three cents each.

DOES NOT SEE HOW HE EVER KEPT UP

Could Hardly Drag Himself To Work
 —Feels Fine In The Mornings, Now.

"Tanlac has benefited me so much I no longer doubt any thing good I read or hear about it," said John Farrow, 1876 Erie street, Toledo, Ohio, an employee of the Libby Glass Company, continuing, Mr. Farrow said:

"For several years I have occasionally suffered with sharp shooting pains in the small of my back and in my right leg and foot and cramping pains in my stomach, which gradually grew worse until for the past six months I have had these pains nearly all the time. My appetite had become so poor I could hardly eat a thing, and the little I did eat would ferment, gas would form and the pains in my stomach would nearly kill me. My nerves were in an awful bad condition and as I was in worse pain at night than in the day time, if that was possible, I could get but little sleep at any time and many a night would be awake all night long. I had become so badly run down I could hardly get to my work in the mornings although I only lived two blocks away, and after the day was over I would just have to almost crawl home, where I would force down a few mouthfuls of supper

and drag myself off to another night of misery.

"I had tried so many different medicines without getting any benefit I had about lost faith in everything, and as I continued to grow worse I felt like I didn't care whether I lived or not. Looking back now I don't see how I managed to work at all, and I just moped around the house till my people were very much worried over my condition.

"I had read many statements in the local papers from people who had been benefited by Tanlac, and, although, as I said before I had about lost faith in all medicines, I decided to try it, and the improvement in my condition almost as soon as I started taking it was simply remarkable. I never have a pain of any kind now and my appetite is better than it ever was. I can sleep as sound as a log and always get up in the morning feeling fine and ready for work. Tanlac has relieved me of all my troubles after everything else had failed and I am only too glad to say a good word for it."

Tanlac is sold in Washington C. H. by C. S. Haver.—Advt.

There is as much to consider in the style of glasses as there is in that of clothes.

It is important in fitting glasses that the personality as well as the eyesight should be taken into account.

We have a large variety of frames and mountings, including the smartest to the most dignified from which to select those that are best suited to your features.

We are fully equipped to satisfy the most particular optical needs. If you require two-vision lenses, we advise wearing KRYPTOKS, because they combine perfect near and far sight without any ugly seams showing on the surface.

JOY SOAP works like a wizard! You no sooner start to use it than everything brightens up. It just naturally makes you happy!

Because it does housework so quickly and easily. Washing clothes and dishes; shining bathrooms and windows; cleaning floors and woodwork—every sort of clean up job is made a whole lot more pleasant by using Joy Soap.

Joy is a firm, smooth soap with a quick-acting lather. It is truly marvelous how little work it requires to clean well with Joy.

Joy is good to the hands because it hasn't got that sticky, "soapy" feel.

It lasts longer than ordinary soaps, because of the firm body and because it does the job in less time.

Best of all, it doesn't cost any more than ordinary soaps. Ask your grocer.

OVER MILLION
TAGS FOR AUTOS

Four hundred thousands pairs of 1920 auto license tags have been completed at the Ohio Penitentiary and 200,000 more pairs will be made before the present order is completed. In addition to the manufacture of these tags, the men employed at the work have completed license tags for all electric autos, dealers' tags and all other vehicle tags for 1920, making in all more than 1,000,000 separate tags. It is expected that the total number of autos in Ohio this year will exceed 600,000 or about 100,000 more than in 1919.—London Democrat.

"OTHERS CAN'T
REALIZE HOW IT
HELPS HEALTH"

Must Try Vola-Tonic to Understand Says Woman Whom It Helped

"I don't hesitate to recommend Vola-Tonic because I know what it will do," said Mrs. Flora Bailey, 327 West Court street, Cincinnati, O.
 "I doubt if people can fully realize how much this medicine helps a person until they try it themselves," Mrs. Bailey continued.

"My stomach was in very bad condition and I was troubled with indigestion and constipation. I didn't have much appetite and didn't eat a great deal but just the little I ate caused me to suffer afterward with indigestion. The constipation was so bad that I had severe headaches often. I always felt tired and worn out in mornings, too. My sleep didn't seem to do me a bit of good."

"All this trouble is gone since I have been taking Vola-Tonic and I am in normal condition again. My appetite has improved and my digestion is good now. The constipation has left me, also, and those severe headaches I used to have are gone. When I get up in mornings I feel refreshed and energetic and ready for my work."

"I know people can't realize how much better they feel until they take Vola-Tonic themselves."

If you are feeling weak and run down get Vola-Tonic, "Builder of Strength"—TODAY.

Vola-Tonic is being specially introduced in Washington C. H. at Frank Christopher's, and in Jeffersonville by J. B. Davis.—Adv.

Is MIOLO as good as we have been claiming it to be?

Well—we haven't the space here to tell you all the good things we have been hearing about MIOLO—but suffice it to say our sales are increasing every day.

MIOLO is not a nut oleomargarine therefore contains no benzoate of soda for it is a pure food product and needs no preservative to keep it from spoiling.

MIOLO is always fresh at our store.

We have a pound for you today at 42c.

Peddicord Grocery Co.

DON'T NEGLECT

THE LITTLE ONES

When my little girl has a cold I give her Foley's Honey and Tar and that stops her coughing in a little while." Mrs. J. S. Pitson, 376 E. 156th St., Cleveland, O., writes: "I can't speak too highly of Foley's Honey and Tar. Children like it. It contains no opiates. It is healing, soothing, prompt in action. Blackmer & Tanquary.—Adv.

ARE YOU LOSING "PEP"?

Do you feel tired all the time? Does your back ache. Do you feel that you are not so spry as you used to be? Foley Kidney Pills tone up and invigorate the kidneys, banish backache, rid the blood of poisons. Rev. W. P. M. Swynole, Macon, Ga., writes: "I am ready at any time to speak a word for Foley Kidney Pills." Blackmer & Tanquary.—Adv.
